Data Standard Early Graduation

Revised 8/18/2022

Overview

Description

 KRS 158.142 establishes the Early Graduation Program (EGP), an optional program in which a student may receive a high school diploma, Early Graduation Certificate and scholarship award from the Kentucky Higher Education Assistance Authority (KHEAA) upon successful completion of all program requirements provided in 704 KAR 3:305 in three (3) academic years or less.

Due to the passage of Senate Bill (SB) 61 (2022), any student who wishes to complete the EGP in the **2022-23 academic year** must meet the following requirements:
- Communicate intent to the principal within the first thirty (30) days of the academic year in which the student intends to graduate;
- Meet the Council on Postsecondary Education (CPE) college entrance examination benchmarks; and
- Complete at least one financial literacy program or course as required by KR S 158.1411.

Data use
- Data gathered indicates and informs KDE and KHEAA of the possible number of students who will graduate before their cohort. KHEAA tracks the number of eligible students for estimating the financial impact per year. KDE tracks the participants into postsecondary education and beyond to determine the effectiveness of the program.

Further Information
More information about the Early Graduation Program is available on the KDE Early Graduation webpage.

## Section A – Recording Intent for Early Graduation

Campus Path: Student Information / General / Flags
 Students wishing to complete the Early Graduation Program shall indicate that intent to the school principal at the beginning of grade 9 or as soon as the intent is known, but within the first thirty (30) school days of the academic year in which they wish to graduate.

The Early Graduation Program (EGP) flag should be assigned to any student who has properly submitted their intent form within the stated timeframe. The student must be entered into the

student information system by the school district by October 1 of the year in which the student makes the declaration.

Flags: IEG: Intent for Early Graduation

Start Date: Date the flag will begin to display on the student's record- **This field must be completed.**

Eligibility Start Date: Date the student's intent to participate in the Early Graduation Programmintent begins – this should be the date of final approval for participation. This date can be loaded in Infinite Campus during the student's 9th grade or 10th grade year even if they don't plan to graduate early until their 11th grade year. **This works only if this date is prior to Oct. 1st of the graduating (early) year. This field must be completed.**

End Date: Date the flag will cease to display on the student's record- **Enter this only if you no longer want the flag displayed**

Eligibility End Date: Filter Eligibility End Date to non-blank values. This section is mandatory **only for students who no longer intend to graduate early. Do not end-date students who successfully graduated early**. Make changes to the flag as needed per the Early Graduation data standard.

Participation Details: Enter the Exit Reason if a student chooses to exit participation in the intent to graduate early program.

Potential reasons for exiting participation:

- Voluntary Academic
- Voluntary Financial/Scholarships
- Involuntary Academic

- Health
- Athletics

Section B – Recording Early Graduation on the Enrollment Tab

Please see the "End Status" portion of Section B in the Enrollment Data Standard (found starting on page 11) for instructions on setting the appropriate withdrawal code upon successful early graduation. The appropriate code for a participant in the Early Graduation Program is G01.
